| PWHZD170AC | 170 AC | 6000W | 1B40 Hatz | Recoil | Roll | 7.5 | 2.3 | 108 | 760x500x600 |
| PWHZDE170AC | 170 AC | 6000W | 1B40E Hatz | Electric | Roll | 7.5 | 2.3 | 118 | 760x500x600 |

PowerWeld Generators are a complete Power Generator and Welder in one package. This engine driven Welder Generator Set is specifically designed for optimum welding efficiency in the field. It provides superb arc sticking performance plus 35 Amp up to a full 200 Amp welding current at 50% duty cycle. A separate 7 kVA 240V power point is provided for typical tools like 9" angle grinders, drills & cut off saws.

Our PowerWeld Generators come in either petrol or diesel powered. We use genuine Briggs & Stratton Vanguard, Honda, Yanmar and Hatz engines.

Options include:

- Welding cable kits - 5 or 10m
- Wheels & handle roll frame
- WorkCover spec protection module
- 18 litre extended operation fuel tank
